

cross-check is extraordinarily high or low, the trial court should consider whether the percentage used should be adjusted so as to bring the imputed multiplier within a justifiable range, but the court is not necessarily required to make such an adjustment.” (*Id.*, at 505.) Although *Lafitte* concerns a class action, not a PAGA-only case, this Court views the use of a lodestar cross-check as appropriate here.

Plaintiff has conducted a lodestar cross-check. Counsel calculate 230.5 hours, at hourly rates ranging from \$250 to \$1050, depending on the attorney. This results in a lodestar of approximately \$127,192.50, with an implied negative multiplier. Without necessarily endorsing every individual component of the lodestar, it is clear in this case that no adjustment is required.

The statute does not expressly address how the 25% plaintiff’s share of the penalties is to be allocated among all of the aggrieved employees. (*Iskanian v. CLS Transp. Los Angeles, LLC* (2014) 59 Cal.4th 348, 382.) Allocation based on pay periods is reasonable here.

Costs of \$11,935.88 are sought. They are reasonable and are approved.

The administrator’s costs of \$3,450 are reasonable and are approved.

D. Conclusion

The Court finds that the settlement is fair, reasonable, and adequate, and grants the motion to approve.

The Court will sign the proposed order previously submitted. In addition, the Court will add a compliance hearing for a suitable date (after the settlement has been implemented). One week before the compliance hearing, counsel shall file a compliance statement. 5% of the attorney’s fees shall be withheld by the Administrator pending the compliance hearing.
