COURT'S [TENTATIVE]

ORDER RE:

Application

for Service by Publication

[THE FOLLOWING IS A TENTATIVE RULING IN THE ABOVE CASE]:

Deny

This is the fourth application for service by publication by the Plaintiff. Plaintiff seeks to publish only in Texas. However, as has been made clear before, most recently in the Court's July 20, 2026 denial, the law requires not just publication in the other state. For a California case under CCP § 415.50, the order shall include publication in a California newspaper of general circulation. If the person is believed to be in another state, the court may also require publication in that other state, especially if that is the place most likely to give actual notice. But it is mandatory in California.

The Application is denied without prejudice.
