TENTATIVE

RULING:

Plaintiff Partner Assessment

Corporation dba Partner Engineering and Science, Inc.'s Motion to Amend

Judgment is denied.

The Court on its

own motion will correct the clerical error in the Judgment by amending the Judgment nunc pro tunc to identify the parties' names.

Plaintiff is

ordered to file a proposed amended judgment consistent with this Order within ten days of this Order.

The Court sets a

non-appearance case review re: filing of the proposed amended judgment for September 2, 2026.

Analysis:

On June 26, 2024, Plaintiff Partner Assessment

Corporation dba Partner Engineering and Science, Inc. filed the instant action

against Defendant Suncroft Capital LLC ("Defendant"). The Court entered

default judgment on December 9, 2024. On May 29, 2026, Plaintiff filed the instant Motion to Amend

Judgment. No opposition has been filed to date.

Discussion

The Motion is not accompanied by a proof of service of the moving papers and notice of the hearing date upon Defendant. Failure to give notice of the papers and hearing date is a violation of due process and of the statutory notice requirements. (Code Civ. Proc., § 1005; Jones v. Otero (1984) 156 Cal.App.3d 754, 757.) Additionally, the Motion is not accompanied by a memorandum of points and authorities, as required by the California Rules of Court. "The memorandum must contain a statement of facts, a concise statement of the law, evidence and arguments relied on, and a discussion of the statutes, cases, and textbooks cited in support of the position advanced." (Cal. Rules of Court, Rule 3.1113(b).) The Court cannot grant a Motion with these procedural defects. The Motion is denied.

Nonetheless, the Court may on its own motion correct clerical errors in judgments pursuant to Code of Civil Procedure, § 473(d). That section states that, "The court may, upon motion of the injured party, or its own motion, correct clerical mistakes in its judgment or orders as entered, so as to conform to the judgment or order directed." (Code Civ. Proc., § 473(d).) Here, the error is truly clerical. The Judgment entered and signed by the Court omitted both parties' names in paragraph 5. There are only two parties in this case. Defendant Suncroft Capital LLC defaulted. "It has been held repeatedly that an order correcting a clerical error in the record of a judgment may be made by the court ex parte without notice and on the court's own motion." (In re Hultin's Est., 29 Cal. 2d 825, 829.) The Court will exercise this authority here.

The proposed judgment submitted with the Motion is inaccurate. It does not identify the Defendant correctly, and includes an "et al." even though this case concerns one defendant. The Court orders Plaintiff to submit a corrected proposed judgment within ten days of this Order. The corrected proposed judgment must identify the parties as they are identified on the docket in this case, that is: Plaintiff: Partner Assessment Corporation, a California corporation, and Defendant: Suncroft Capital LLC, a New York limited liability corporation.

Conclusion

Plaintiff Partner Assessment

Corporation dba Partner Engineering and Science, Inc.'s Motion to Amend
Judgment is denied.

The Court on its
own motion will correct the clerical error in the Judgment by amending the
Judgment nunc pro tunc to identify the parties' names.

Plaintiff is
ordered to file a proposed amended judgment consistent with this Order within
ten days of this Order.

The Court sets a
non-appearance case review re: filing of the proposed amended judgment for
September 2, 2026.

Moving
party to give notice.
