LA Forward Institute v. City
of Los Angeles 24STCV17156

Ex

Parte Application 8/7/26

The

court grants in part, and denies in part, plaintiff LA Forward Institute's ex parte application as follows.

The

court has considered the circumstances presented concerning plaintiff LA Forward Institute's motion to compel defendant City of Los Angeles's further discovery responses, filed on March 10, 2026 and set for hearing on September 11, 2026, which was filed before the court issued its March 18, 2026 and June 26, 2026 orders advising the parties that combining multiple motions to compel further responses to separate sets of discovery requests in one motion is improper. The court has also considered plaintiff's counsel's representations in its ex parte application and supporting declaration, their acknowledging their procedural error in combining multiple motions to compel further responses to separate discovery responses in this motion, and their seeking relief to address this issue before the hearing.

The

court finds that it is in the interests of justice to exercise its discretion to order that the court shall consider that motion on the merits at the September 11, 2026 hearing, and the court so orders.

However,
the court again advises the parties that they are required to file separate motions to compel responses to discovery requests if requesting relief as to more than one set of discovery requests.

The
court denies all other relief requested in plaintiff's ex parte application.

The court
orders plaintiff to give notice of this order.
