CASE

NAME: City

of Glendora v. Tong Zhou, et al.

March

2026 Monthly Accounting of Receivership Income, Expenses, and Interim Fees

TENTATIVE

RULING

The Court APPROVES Receiver's March 2026 report in the amount of \$37,153.45.

Receiver is ordered to give notice of the Court's ruling within five calendar days of this order.

BACKGROUND

This is a nuisance case. On August 25, 2025, plaintiff City of Glendora (Plaintiff) filed this action against defendants Tong Zhou (Zhou), Ying Xia (Xia) (collectively, Defendants) and Does 1 through 20, alleging causes of action for public nuisance per se, public nuisance, violation of state housing law – receivership, and declaration/injunctive relief.

On February 18, 2026, the Court approved Plaintiff's motion for appointment of receiver and appointed California Receivership Group, Inc. (Receiver) as receiver over the subject property.

On April 30, 2026, Receiver filed the March 2026 monthly accounting of receivership income, expenses, and interim fees. On May 8, 2026, Plaintiff filed objections.

LEGAL

STANDARD

(a)

Content of reports

The

receiver must provide monthly reports to the parties and, if requested, to nonparty client lien holders. These reports must include:

(1) A narrative report of events;

(2) A financial report; and

(3)

A statement of all fees paid to the receiver, employees, and professionals showing:

(A) Itemized services;

(B) A breakdown of the services by
1/10 hour increments;

(C) If the fees are hourly, the
hourly fees; and

(D) If the fees are on another
basis, that basis.

(b)

Reports not to be filed

The

monthly reports are not to be filed with the court unless the court so orders.

(Cal. Rules
of Court, rule 3.1182.)

(a) Interim fees

Interim

fees are subject to final review and approval by the court. The court retains jurisdiction to award a greater or lesser amount as the full, fair, and final value of the services received.

(b) Objections

to interim accounts and reports

Unless

good cause is shown, objections to a receiver's interim report and accounting must be made within 10 days of notice of the report and accounting, must be specific, and must be delivered to the receiver and all parties entitled to service of the interim report and accounting.

(Cal. Rules

of Court, rule 3.1183.)

PRELIMINARY

ISSUE

Financial account information is

supposed to be redacted. (Cal. Rules of Court, rule 1.201, subd. (a)(2).) Receiver failed to redact a bank account number. (March 2026 Report, p. 62 of pdf.) The Court admonishes Receiver to comply with the California Rules of Court going forward.

DISCUSSION

Receiver's March 2026 report indicates having incurred \$41,617.75 in receivership fees. Receiver states that total unpaid receivership fees and unpaid advances as of this reporting period are \$41,617.75 and \$0.00, respectively. Receiver sets forth details regarding rehabilitation work performed on the subject property through the month of March 2026.

The Court has reviewed the March 2026 report and finds the \$41,617.75 in receivership fees excessive. The Court notes approximately 14 timekeepers involved in this matter. (See March 2026 Report, pp. 65-98 of pdf.)

While the Court understands and appreciates that multiple people are necessary for the significant demands involved in rehabilitating a property, 14 people is excessive. Of particular note is the extensive amount of minor billing entries from each of these timekeepers in the amounts of 0.1, 0.2, or 0.3 hours throughout the March 2026 report. (See March 2026 Report, pp. 65-98.) The Court also notes that many of these charges contain block billing. (Heritage Pac. Fin., LLC v. Monroy (2013) 215 Cal.App.4th 972, 1010, internal citation omitted, “[t]rial courts retain discretion to penalize block billing when the practice prevents them from discerning which tasks are compensable and which are not...”)

Additionally, the March 2026 report includes a 2/23/2026 entry from Erick Traschikoff in the amount of \$18.50, which should not have been included and will be deducted. (March 2026 Report, p. 80 of pdf.)

The Court also notes that much of Receiver’s billing entries are for administrative tasks, such as internal coordination, recurring meetings, bookkeeping/accounting, and processing credit card charges, among other things. The Court will therefore deduct \$4,107.90 as follows:

The Court then notes that Receiver appears to have already paid itself for February 2026, notwithstanding the Court's disapproval of the initial February 2026 report. (See Minute Order (4/27/26).) The March 2026 report includes the billing for the initial February 2026 report. (See March 2026 Report, pp. 9-50 of pdf.) The fees for the initial February 2026 report amount to \$31,207.70. (See March 2026 Report, pp. 9-10, 14-19, 27-45.) The March 2026 report also shows multiple checks having been paid to Mark Adams, Receiver's president, on March 15, 2026, totaling \$31,207.70. (March 2026 Report, pp. 7-8 of pdf.) This was improper, as the Court had not yet approved those fees. (See Cal. Rules of Court, rule 3.1183, subd. (a).)

The Court further notes other improper charges, such as photocopying charges in the amounts of \$20.83 and \$7.71, and \$85.80 for transferring funds to pay receivership fees or transferring funds from the trust account to the receivership account. (March 2026 Report, pp. 7-8, 21-22, 68 of pdf.) Photocopying charges are generally not recoverable costs in litigation. (See Code Civ. Proc., § 1033.5, subd. (b)(3).) The Court also finds it improper for Receiver to be charging fees for transferring funds to pay itself. Additionally, the Court finds the \$223.56 incurred for obtaining a copy of the Court's order granting Plaintiff's motion for appointment of receiver is not reasonable, when such a copy could be easily obtained for a nominal fee on the

Court's website. (March 2026 Report, p. 48 of pdf.)

Based on the foregoing, the Court finds that the fair value of the services received is \$37,153.45. (See Cal. Rules of Court, rule 3.1183, subd. (a).) The Court therefore APPROVES Receiver's March 2026 report in the amount of \$37,153.45.

CONCLUSION

The Court APPROVES Receiver's March 2026 report in the amount of \$37,153.45.

Receiver is ordered to give notice of the Court's ruling within five calendar days of this order.

April
2026 Monthly Accounting of Receivership Income, Expenses, and Interim Fees

TENTATIVE RULING

The Court APPROVES Receiver's April 2026 report in the amount of \$23,173.66.

Receiver is ordered to give notice of the Court's ruling within five calendar days of this order.

BACKGROUND

This is a nuisance case. On August 25, 2025, plaintiff City of Glendora (Plaintiff) filed this action against defendants Tong Zhou (Zhou), Ying Xia (Xia) (collectively, Defendants) and Does 1 through 20, alleging causes of action for public nuisance per se, public nuisance, violation of state housing law – receivership, and declaration/injunctive relief.

On February 18, 2026, the Court approved Plaintiff's motion for appointment of receiver and appointed California Receivership Group, Inc. (Receiver) as receiver over the subject property.

On June 1, 2026, Receiver filed the April 2026 monthly accounting of receivership income, expenses, and interim fees. On June 8, 2026, Plaintiff objected to the accounting report.

PRELIMINARY

ISSUE

Financial account information is

supposed to be redacted. (Cal. Rules of Court, rule 1.201, subd. (a)(2).)

Receiver failed to redact a bank account number. (April 2026 Report, p. 42 of pdf.) The Court admonishes Receiver to comply with the California Rules of Court going forward.

DISCUSSION

Summary of Arguments

Receiver's April 2026 report indicates having incurred \$28,551.40 in receivership fees. Receiver states that total unpaid receivership fees and unpaid advances as of this reporting period, including April, are \$60,169.15 and \$1,860.98, respectively. Receiver sets forth details regarding rehabilitation work performed on the subject property through the month of April 2026.

Plaintiff objects

to the billing entries the Court found objectionable at the April 27, 2026 hearing, the hours the Receiver's employees billed for time spent overseeing the occupants' cleanout of the subject property, and Receiver's overhead expenses associated with travel for one of its employees who resides in Northern California, including his flight, hotel stay, and car rental. Plaintiff objects to billing entries incurred by 13 employees other than the Receiver that reflect duplication of effort or administrative tasks and contends the receivership estate should not be expected to pay travel time and expenses for an employee who does not reside locally or pay for nearly six hours of travel time.

Analysis

The Court has

reviewed the April 2026 report and finds the \$28,551.40 in receivership fees excessive. The Court notes approximately 14 timekeepers involved in this matter. While the Court understands and appreciates that multiple people are necessary for the significant demands involved in rehabilitating a property, 14 people is excessive. Of particular note is the extensive amount of minor billing entries from each of these timekeepers in the amounts of 0.1, 0.2, or

0.3 hours throughout the April 2026 report. (See April 2026 Report, pp. 45-76 of pdf.) The Court also notes that many of these charges contain block billing. (Heritage Pac. Fin., LLC v. Monroy (2013) 215 Cal.App.4th 972, 1010, internal citation omitted, “[t]rial courts retain discretion to penalize block billing when the practice prevents them from discerning which tasks are compensable and which are not...”)

The Court agrees with Plaintiff that many of the charges in the April 2026 report are for administrative matters, such as internal coordination, recurring meetings, bookkeeping/accounting, and processing credit card charges, among other things. The Court will therefore deduct \$4,771.20 as follows:

The Court further agrees with
Plaintiff that charges for Christopher Bolton to travel from Northern
California to the subject property, including hotel stay and rental car, were
not reasonable charges. The Court will therefore deduct \$316.50 for the April

7, 2026 entry labeled "travel to SoCal for meetings" and \$290.04 in travel related expenses. (See April 2026 Report, pp. 35-40, 66.)

Based on the foregoing, the Court finds that the fair value of the services received is \$23,173.66. (See Cal. Rules of Court, rule 3.1183, subd. (a).) The Court therefore APPROVES Receiver's April 2026 report in the amount of \$23,173.66.

CONCLUSION

The Court APPROVES Receiver's April 2026 report in the amount of \$23,173.66.

Receiver is ordered to give notice of the Court's ruling within five calendar days of this order.

May
2026 Monthly Accounting of Receivership Income, Expenses, and Interim Fees

TENTATIVE RULING

The Court APPROVES Receiver's May 2026 report in the amount of \$16,902.90.

Receiver is ordered to give notice of the Court's ruling within five calendar days of this order.

BACKGROUND

This is a nuisance case. On August 25, 2025, plaintiff City of Glendora (Plaintiff) filed this action against defendants Tong Zhou (Zhou), Ying Xia (Xia) (collectively, Defendants) and Does 1 through 20, alleging causes of action for public nuisance per se, public nuisance, violation of state housing law – receivership, and declaration/injunctive relief.

On February 18, 2026, the Court approved Plaintiff's motion for appointment of receiver and appointed California Receivership Group, Inc. (Receiver) as receiver over the subject property.

On June 29, 2026, Receiver filed the May 2026 monthly accounting

of receivership income, expenses, and interim fees. On July 8, 2026, Plaintiff objected to the accounting report.

LEGAL

STANDARD

(a)

Content of reports

The

receiver must provide monthly reports to the parties and, if requested, to nonparty client lien holders. These reports must include:

(1) A narrative report of events;

(2) A financial report; and

(3)

A statement of all fees paid to the receiver, employees, and professionals showing:

(A) Itemized services;

(B) A breakdown of the services by
1/10 hour increments;

(C) If the fees are hourly, the
hourly fees; and

(D) If the fees are on another
basis, that basis.

(b)

Reports not to be filed

The

monthly reports are not to be filed with the court unless the court so orders.

(Cal. Rules

of Court, rule 3.1182.)

PRELIMINARY ISSUE

Financial account information is supposed to be redacted. (Cal. Rules of Court, rule 1.201, subd. (a)(2).) Receiver failed to redact a bank account number. (May 2026 Report, p. 4 of pdf.) The Court admonishes Receiver to comply with the California Rules of Court going forward.

DISCUSSION

Summary of Arguments

Receiver's May 2026 report indicates having incurred \$19,607.60 in receivership fees. Receiver states that total unpaid receivership fees and unpaid advances as of this reporting period, including May, are \$70,554.75 and \$2,083.63, respectively. Receiver sets forth details regarding rehabilitation work performed on the subject property through the month of May 2026.

Plaintiff objects on the grounds that the May 2026 accounting contains duplicative billing and billing for administrative work that does not advance the receivership or provide a direct benefit to the receivership estate. Plaintiff objects to billing for ordinary administrative and bookkeeping functions that constitute office overhead rather than compensable receivership services. Plaintiff objects to billing for internal management conferences and coordination meetings. Plaintiff also objects on the grounds that Receiver is overstaffing this matter.

Analysis

The Court has reviewed the May 2026 report and finds the \$19,607.60 in receivership fees excessive. The Court notes approximately 14 timekeepers involved in this matter. While the Court understands and appreciates that multiple people are necessary for the significant demands involved in rehabilitating a property, 14 people is excessive. Of particular note is the extensive amount of minor billing entries from each of these timekeepers in the amounts of 0.1, 0.2, or 0.3 hours throughout the May 2026 report. (See May 2026 Report, pp. 17-41 of pdf.) The Court also notes that many of these charges contain block billing. (Heritage

Pac. Fin., LLC v. Monroy (2013) 215 Cal.App.4th 972, 1010, internal citation omitted, “[t]rial courts retain discretion to penalize block billing when the practice prevents them from discerning which tasks are compensable and which are not...”)

The Court also agrees with Plaintiff that charges for internal coordination, recurring meetings, and bookkeeping/accounting should be treated as overhead rather than separate charges billed to the receivership estate. The Court will therefore deduct \$2,704.70 in billing as follows:
