

discovery, but the parties are currently working on finalizing ESI protocol. The document production cannot take place until the ESI protocol is in place.

El Dorado claims it has provided supplemental documents and responses to the discovery at issue. Plaintiffs believe El Dorado has not provided supplemental responses to the set of discovery at issue in the present motions. The parties are ordered to meet and confer regarding this issue.

Plaintiffs' counsel is ordered to file a declaration at least five (5) court days before the continued hearing date explaining the parties meet and confer efforts and any additional discovery responses still at issue.
