Thereafter, counsel for the moving party shall prepare a written order consistent with the Court's ruling for the Court's signature pursuant to California Rules of Court, rule 3.1312, and provide written notice of the ruling to all parties who have appeared in the action, as required by law and the California Rules of Court. Plaintiffs' Petition for Approval of Compromise of Claim or Action or Disposition of Proceeds of Judgment for Minor or Person with a Disability

TENTATIVE RULING:

For the reasons stated below, the petition is **CONTINUED**. The petitioner's supplemental filing does not adequately address the court's concerns about the proposed minor compromise. The remaining deficiencies are curable and do not presently suggest that the allocation or settlement amount is substantively improper.

The focused conditions should be: **(1)** a verified declaration expressly addressing Amias's current medical, orthopedic, neurological, psychological, developmental/educational status, supported if practicable by his most recent pediatric record; **(2)** a corrected attorney declaration making clear that the operative fee request is \$60,603.46/25%; **(3)** clarification of the \$485.63 medical-payment discrepancy and confirmation that the \$16,906.64 Kaiser/Machinify amount is the only outstanding reimbursement obligation; and **(4)** a revised proposed order/blocked-account order reflecting the \$162,059.14 net recovery.

If those matters are supplied, I see a reasonable basis on this record to approve the \$242,413.86 compromise, the 25% fee, the \$2,844.62 costs, the \$16,906.64 reimbursement, and the resulting \$162,059.14 blocked-account deposit.

If the tentative ruling is uncontested, it shall become the order of the Court.
