Tentative Ruling:

APPEARANCE ORDERED (Zoom allowed)

The parties are ordered to appear. The Petition for Order Confirming Trust Asset and the Petition for Order Suspending/Removing Trustee were continued for status. No one complied with the court's previous order to submit a status report 10 days prior to today's hearing. A late submission was made by new counsel for Joe Della Santina, but it did not address anything which remains pending. Instead, it sought a continuance of 30 days because Mr. Della Santina has not yet filed his accounting as previously ordered. Said accounting was due on or before July 19, 2026. He is ordered to appear to explain why he failed to timely comply with the previous order.

Joseph Della Santina has not yet filed a response or opposition to either of the pending petitions. The Court intends to issue an order to show cause to Joe Della Santina as to why the Court should not take Joe Della Santina's default as to the *Petition for order Confirming Trust Asset, Compelling Reconveyance to Trust, for Constructive Trust, Probate Code 859 Damages, Fraud, Attorneys Fees and Costs* and grant the remainder of the *Petition for Order Suspending Trustee; Petition for Removal of Trustee*. The OSC will be heard at the same time of the Petition authorizing sale of trust real property set on September 10, 20026 at 9:00 a.m.

APPEARANCE OPTIONAL (Zoom not allowed)

The petitions are DENIED without prejudice. The matter was previously continued from 7/10/2026 with specific direction to the ward/petitioner to provide a declaration setting forth specific reasons why the court should appoint a guardian and make SIJF, which must be based on his own experiences. There is no admissible evidence that his father abandoned him, as claimed in the petition. The Court also directed that facts be submitted demonstrating why his grandparents in Guatemala, who provided care for him up until 3 or 4 years ago, cannot continue to do so. Petitioner did not submit a declaration. Rather, there is a declaration from the proposed guardian which does not set forth experiences of the minor while in Guatemala which support any findings, as statements by the guardian are clearly not based upon his personal knowledge. Nor does it contain sufficient evidence as to why the grandparents are not capable of caring for the petitioner, instead informing the court of their age [which is not "rather elderly" as described] and conclusory statements about "health" issues and physical limitations.
