Matter of the Inez B. Hensley Trust

26PR00476

Petition for Removal of Trustee, Account, and Appointment of Successor Trustee

Tentative Ruling: The respondent filed a declaration on July 24, 2026. The declaration does not specifically contest the removal issue, but it does reveal that there was a trust amendment under which the petitioner and respondent were to serve as co-trustees. It also indicates that a substantial amount of clean-up has occurred on the trust owned real property, including removal of items and debris. It also indicates that after some back and forth, an agreement was reached by the parties with respect to the underlying disputes. It seems the parties have agreed to sell the property and split the proceeds, including a repayment of the money the petitioner paid in property taxes, which taxes should have been paid by the respondent. The petitioner has not filed a Statement of Issues or otherwise provided any status update to the Court. The Court is therefore unable to determine whether the case has been entirely resolved by said agreement such that the case can now be dismissed or whether there will be an application for Court approval of a settlement agreement (which the Court notes can be submitted as a drop-off ex parte). Therefore, this matter is CONTINUED to October 16, 2026, at 9:30 a.m. in Dept. 63. The parties are ordered to continue to meet and confer and to file statements of issue in compliance with the local rules. If a dismissal is filed the matter will be dropped from calendar.
