Matter of Sechrist Family Trust

25PR01188

Petition for Order Confirming Trust Property and to Terminate Subtrusts

Tentative Ruling: The petition as to Tahoe Sports LLC is APPROVED. Petitioner shall submit a new proposed order consistent with the Court's ruling. The Court notes that the evidence that the settlor intended to hold the operating assets of the LLC, the real property, in trust is clear. However, the evidence that the settlor intended to hold the LLC itself in trust is circumstantial, and less clear. In light of the fact the underlying real property was titled to the trust, and the fact the beneficiaries are the same regardless of the outcome of this petition, the Court has resolved any doubts in favor of granting the petition in this case.
