Case Management Conference

Tentative Ruling: NO APPEARANCES REQUIRED. The Court is in receipt of a case management statement filed July 6, 2026. The statement appears to be a declaration from the attorney's client asking the Court for legal advice. First, that is the role of her counsel, and, in theory, why counsel is entitled to a fee. Second, it is not the role of the Court to provide legal advice, and certainly not directly to a represented party. And finally, if the petitioner actually seeks instruction from the Court, a noticed petition for instruction is the appropriate legal mechanism, not a declaration attached to a case management statement. Matter is CONTINUED to March 12, 2027 at 3:00 p.m. in Dept. 63 for status of Final Account and Distribution.
