Account and Report

Tentative Ruling: NO APPEARANCES REQUIRED. The Amended petition filed June 25, 2026, is APPROVED. The objection of creditor Moore is overruled. The Court finds no disputed factual issues that require resolution to make a determination on the pleadings. The Court adopts as its reasoning those set forth in the reply filed by administrator on July 7, 2026. In addition, the Court would observe that failure to determine heirship status now would delay any preliminary distribution and result in significant financial loss given the capital gains taxation issue. The Court will sign the proposed order lodged June 25, 2026, including all orders listed on pages four and five regarding a determination of the intestate heirs and preliminary distribution. The Court finds that such preliminary distribution may be made without risk of loss to creditors or other interested parties.
