P078303: ESTATE OF CHARLES EDWARD PADILLA

07/08/2026 in Department J6

Status Conference re: Sale of property update

This estate was opened on 6/8/04. The successor administrator Joanna Laguna was appointed on 1/30/25. Despite being directed to serve and file a status report or a petition for final distribution since 1/30/25, and last told to serve and file a status report by 3/27/26, Ms. Laguna has failed to do so.

It has been a year and a half since her appointment. What has the administrator done to close this estate? The administrator is ordered to serve and file a status report detailing the status of this case. Oral reports will no longer be accepted.
