08/06/2026 in Department J6

Hearing on Petition for Probate of Will and for Letters Testamentary LOST WILL

Paragraph 5.a(1) or (2), (3) or (4), and (7) or (8) in the petition are not completed. Paragraph 8 fails to identify the persons' relationships to the decedent. The amended petition fails to attach a copy of the will.

The petition fails to detail any diligent efforts to locate the original will or to overcome the presumption under Probate Code section 6124.

Petitioners are directed to serve and file a verified supplement to the amended petition addressing the foregoing issues and attaching a copy of the will.

The publication fails to state that Petitioners include Randy Mark Ringen. It also fails to give notice that IAEA powers are requested or that a will is being asked to be probated. (Prob. Code, §§ 8100, 8120.) Publication must be redone.

Subject to all of the foregoing, grant. Appoint Petitioner lone Frances Ringen as the executor of the estate, with full IAEA powers. Admit to probate the will dated 6/17/92. The will waives bond.
