Case Number: 24LBCV02791 Hearing Date: July 21, 2026 Dept: S27

On 10/03/25, Defendant filed a motion for summary judgment on Plaintiff's complaint, setting it for hearing on 1/13/26. On 10/29/26, the Court granted an ex parte application rescheduling the trial in the case to accommodate the summary judgment hearing on 1/13/26; Plaintiff appeared at the hearing on that application. On 1/13/26, having received no opposition to the motion, the Court found the motion not deficient on its face and granted the motion, relying on *Mandell-Brown v. Novo Nordisk Inc.* (2025) 109 Cal.App.5th 478, 508.

On 1/27/26, Plaintiff filed this motion for relief from failure to file timely opposition papers, relying on CCP §473(b). The motion is denied. As Defendant correctly notes in opposition to the motion, the motion is not accompanied by a full and complete proposed opposition to the summary judgment motion, which is a prerequisite to relief under §473(b).

Plaintiff is ordered to give notice.
