25VECV03502 Anoshechkina v Danilov

Ex parte application to continue motion for relief from default: Denied. The court previously continued this motion which has been pending since 2/13/2026. Defendants are entitled to have their motion heard. It has been pending for 6 months.

Furthermore, the court does not accept the declaration of plaintiff that she does not have access to wifi or telephone to call the United States. How was she able to sign a declaration in Portugal on 8/26/2026 and file it on the next day.

Her address in Lisboa is r. de santo estevao, 1100-405 Lisboa, Portugal

There are numerous web based communications available to her including WhatsApp which is free.

Telephone calls can be made from Portugal to the USA. Most services have international roaming.

She could hire an attorney to appear for her.

Her declaration is not credible.

Finally, reviewing the motion, the court is required to grant relief if the default was entered as a result of the excuse or neglect of their attorney. The motion for relief was filed 45 days after the court denied the request to reset the demurrer.
