ORDER DENYING MOTION TO CONSOLIDATE

I. BACKGROUND

Defendants allegedly executed fraudulent real estate documents, unlawfully recording a deed of trust to Plaintiff Ronald Hills's ("Hills") home. Defendants then improperly sold the property. Hills sued Defendant for 11 causes of action, including fraud.

This action was dismissed on June 7, 2016, pursuant to Code of Civil Procedure section 664.6,[1] with the Court retaining jurisdiction to enforce settlement.

On June 9, 2026, Defendants Ivan Moore and Devra Allen (collectively "Moving Defendants") filed the instant motion to consolidate this action with Los Angeles Superior Court cases nos. 25STCV04203, 25STCV14579 and 26STCV05387. Multiple other parties filed oppositions.

II. LEGAL STANDARD

California Rules of Court, rule 3.350, subdivision (a), provides:

"Requirements of motion "(1) A notice of motion to consolidate must: "(A) List all named parties in each case, the names of those who have appeared, and the names of their respective attorneys of record; "(B) Contain the captions of all the cases sought to be consolidated, with the lowest numbered case shown first; and "(C) Be filed in each case sought to be consolidated. "(2) The motion to consolidate: "(A) Is deemed a single motion for the purpose of determining the appropriate filing fee, but memorandums, declarations, and other supporting papers must be filed only in the lowest numbered case; "(B) Must be served on all attorneys of record and all nonrepresented parties in all of the cases sought to be consolidated; and "(C) Must have a proof of service filed as part of the motion." (Cal. Rules of Court, rule 3.350, subd. (a).)

Under section 1048, when actions involved a common question of law or fact, a court may order a joint hearing or trial, or order all actions consolidated. The purpose of consolidation is to enhance trial court efficiency—e.g., to avoid unnecessary duplication of discovery, evidence, motions, and other procedures, and to avoid the substantial danger of inconsistent adjudications. (See *Todd-Stenberg v. Dalkon Shield Claimants Trust* (1996) 48 Cal.App.4th 976, 978-79.) In general, consolidation exists in two primary forms: (1) a complete consolidation resulting in a single action; and (2) a consolidation for pretrial and/or trial purposes, where the actions still remain effectively separate. (*Committee for Responsible Planning v. City of Indian Wells* (1990) 225 Cal.App.3d 191, 196.)

Los Angeles County Superior Court Local Rules rule 3.3(g) provides as follows: "(1) Cases may not be consolidated unless they are in the same department. A motion to consolidate two or more cases may be noticed and heard after the cases, initially filed in different departments, have been related into a single department, or if the cases were already assigned to that department. (2) Upon consolidation of cases, the first filed case will be the lead case, unless otherwise ordered by the court. After consolidation, all future papers to be filed in the Consolidated case must be filed only in the case Designated as the lead case."

III. DISCUSSION

Moving Defendants request the Court consolidated this action with Los Angeles Superior Court cases nos. 25STCV04203, 25STCV14579, and 26STCV05387.

A. Procedural Requirements

Moving Defendants have complied with all procedural requirements for this motion, as they have filed a notice of motions in all cases requested for consolidated. Moving Defendants have also named and served all other parties who have appeared in these actions. All cases are in the same department, Stanley Mosk Dept. 730, as required under LACSC Local Rules rule 3.3(g).

The Court proceeds to review the motion on the merits.

B. Merits of Consolidation

Moving Defendants request the Court consolidate the requested cases as the subject cases all concern the real property commonly known as 1236-1238 Redondo Blvd., Los Angeles, California 90019 (the “subject property”).

Judgment in this case was entered on August 24, 2016, with the Court restoring ownership of the subject property to Hills and retaining jurisdiction to enforce judgment pursuant to section 664.6. Moving Defendants allege that, following the Courts ruling, Hills conveyed the subject property to Allen, who hereafter conveyed her interest to Moore.

The pending cases requested for consolidation are all brought by Moving Defendants against other alleged owners of the subject property, who allegedly obtained the property via a chain of events starting with a 2021 fraudulent deed recorded by non-party Clear Recon Corp. (“CRC”) in favor of non-party Deutsche Bank National Trust Company (“Deutsche”). Deutsche subsequently deeded the property to Maria Julia Hernandez (“Hernandez”) and Carlos Ramirez (“Ramirez”), the defendants in the other cases.

The Court does not find good cause to consolidate these actions, as they are entirely unrelated outside of the fact it concerns the same subject property. This case was resolved in 2016—5 years prior to the alleged creation of the fraudulent deed. It has not been reopened on the merits. The only relevance this case poses to the currently ongoing cases is the judgment entered, which can be judicially noticed as a state court record, providing better judicial efficiency than reviving a settled case. (Evidence Code § 452, subd. (d).)

If Moving Defendants wish to consolidate the currently ongoing cases, Moving Defendants may file in the appropriate action to request such an order; the Court will review any such request on the merits.

IV. CONCLUSION

Moving Defendants' motion to consolidate is DENIED.

Opposing parties are ordered to give notice.
