26VECV01609 Park v City of LA

[TENTATIVE] ORDER: Plaintiff-in-Intervention California Contractors Network's Motion for Leave to Intervene is GRANTED.

Introduction

Plaintiff-in-Intervention California Contractors Network (CCN) moved for leave to intervene in the instant action.

Discussion

CCN asserted that they are the workers' compensation insurance carrier for Plaintiff David Park's (Plaintiff) employer, Alpha Structural Inc. CCN provided that Plaintiff's solo motorcycle accident due to the dangerous condition on the roadway occurred while Plaintiff was working in the course and scope of his employment. CCN provided that money damages were paid under the policy and CCN seeks subrogation reimbursement. The Court finds that CCN sufficiently presented good cause for intervention because the provided facts show that CCN has an interest in the litigation. (Code Civ. Proc., sec. 387.) Further, the motion is not opposed and the failure to oppose shows that the parties submit to the motion. The motion is persuasive.

The motion to intervene is GRANTED. Complaint in intervention shall be served and filed no later than 10/1/2026.

IT IS SO ORDERED, CLERK TO GIVE NOTICE.
