

Conservator response is needed: conservator should be prepared to show good cause for the power requested in proposed trust § 5.07(m) to hold estate property in trustee's individual name or in the name of nominees without disclosing the existence of the trust.

Other matter

On the court's own motion, conservator shall appear and shall request an increase in bond. Conservator's inventory and appraisal clearly shows that bond is inadequate, and conservator was immediately required to request a bond increase. C.R.C. 7.204(a). Based on the inventory and appraisal values and assuming no income, bond of at least \$993,186.23 is required under C.R.C. 7.207 and should be ordered. With income added, the needed bond amount will increase. To the extent a substituted judgment trust is created and funded with all conservatorship property, the same bond calculation will apply to trustee. See C.R.C. 7.903(c)(5).
