Hearing on Petition for Approval and Settlement of Creditor's Claim

At the 4/29/26 hearing, Attorney Matthew James Slezak requested an evidentiary hearing on the Petition for Approval and Settlement of Creditor's Claim. The Court set an evidentiary hearing for 7/27/26, later continued to 8/5/26. All briefs, exhibits and witness lists were to be served and filed by 6/30/26. As of 8/2/26, no briefs, exhibits and witness lists have been filed.

On 7/8/26, Petitioner filed a notice of continuance of hearing. The notice states that the "purpose of this continued hearing is to confirm the settlement of the creditor's claim as evidenced by the Settlement and Distribution Agreement entered into between all interested parties to this matter on June 25, 2026..." A copy of the settlement agreement is attached as Exh. 1. Accordingly, it appears that the parties have settled the dispute. Discuss.
