### TENTATIVE RULING

Hearing

Date: August 28, 2026

Siamack Soufer et al. v. FCA US, LLC, Case No. 24STCV25373

Proceeding: Defendant's Motion

for Summary Adjudication as to Sixth Cause of Action

Ruling: Defendant's Motion for Summary

Adjudication is granted. The Court finds

that there is no triable issue as to any material fact in regard to the Sixth Cause of Action, and Defendant is entitled to a ruling on this claim as a matter of law. The evidence that

Defendant presented, including Plaintiff's responses to discovery propounded by Defendant showed that Plaintiffs lacked evidence to support this claim.

Defendant

filed a Motion for Summary Adjudication as to the Sixth Cause of Action for Fraudulent Inducement – Concealment on June 26, 2026. On August 21, 2026, Plaintiff filed a Notice of Non-Opposition to Defendant's Motion for Summary Adjudication. Defendant's Motion relied on Plaintiffs' verified responses to discovery requests propounded by Defendant and Plaintiffs' deposition testimony under oath. The evidence supported Defendant's arguments that Plaintiffs lacked evidence to show that FCA had knowledge of a defect at the time of sale, or that Plaintiffs had a transactional relationship with Defendant triggering a duty to disclose a known defect at the time of sale, and also

supported Defendant's argument that the cause of action is barred by the Economic Loss Rule.
