Case Number: 24SMCV02872 Hearing Date: August 24, 2026 Dept: I

The matter is here for an FSC. The original trial date was set at a CMC held on December 16, 2024. The court on its own motion moved the trial a bit but informed the parties that if the new date did not work, they were to inform the court promptly, and the court has heard no request to move the trial for that reason.

The court has received no FSC materials.

The court assumes that is because the case settled, which is an excellent reason not to file FSC materials.

If that is not the case, the court will need to have a discussion with counsel. In either case, there will be no trial next week, and the trial date is VACATED. But as it turns out, the court is presently engaged in a jury trial which will extend for all of next week and the week after. Therefore, as it turns out, this court would have had to trail or continue the instant case. Therefore, the court will either set an OSC re: Dismissal (Settlement) or a TSC.
