County: stanislaus

Division: Civil Law and Motion

Department: 24

Hearing date: 2012-04-02

Motion: a-c) The Court has reviewed the moving papers and concludes that the disputes appear capable of informal resolution through further meaningful meet-and-confer efforts. The Court finds the requested discovery is generally directed toward issues central to the action and that substantial overlap exists among the requested inspections, physical evidence examinations, PMQ depositions, and related document production. The Court further finds that the record reflects ongoing communications between counsel concerning scheduling and coordination of discovery. Accordingly, the Court CONTINUES all three motions to September 17, 2026, at 8:30 am Department 24. No later than 10 days from the date of this hearing, counsel for the parties shall meet and confer in good faith, either in person or by videoconference, concerning: 1. Dates for inspection of the subject property; 2. Dates for inspection of the subject vehicle and end-sign assembly; 3. Dates for PMQ depositions; 4. A schedule for PMQ-related document production; and 5. Any remaining issues that may be resolved without further court intervention. No later than five court days before the continued hearing, counsel shall file a joint status report advising the Court whether the motions have been resolved in whole or in part and identifying any issues that remain for adjudication. The Court reserves ruling on the merits of the motions and all requests for sanctions.
