COUNTY OF VENTURA**

Probate Notes

2026PRCP067431: IN THE MATTER OF MARCO ANTONIO CORONA CHAVEZ

09/18/2026 in Department J6

Hearing on Amended Petition for Appointment of Conservator of the Person Only

- Discussion of current placement of Conservatee.
- Bond request for \$1,525,140.00. Bond calculation appears to be based on total assets of \$1,407,00.00 and does not include annual income of \$49,188.00 from Social Security. When income is included bond calculation is \$1,575,311.76. Recommend bond of \$1,575,310.00.
- Discuss if PD to remain as attorney based on size of estate.
- Capacity Declaration: (i) Does not check box that person needs or would benefit from restricted placement, item 22(b); (ii) Does not check box that person needs or would benefit from NCD medications, item 23(b); (iii) Does not check box that proposed conservatee lacks capacity to give or withhold consent to any treatment, item 21(b).

The Court finds that the verified supplement cures the deficiencies in the 8/28/26 Probate Notes.

Is an amended capacity declaration need to be filed before the hearing? If so, the Court intends to continue the hearing to allow for amended declaration.

Should amended capacity declaration be filed before the hearing addressing the deficiencies, the Court intends to grant the petition and appoint Marisela Chavez, Elisa Ashe, and Jose Chavez, Sr. as co-conservators of the person and estate of Marco Antonio Corona Chavez with bond of \$1,575,310.00.
