Case Number: 25SMCV00481 Hearing Date: September 4, 2026 Dept: I

This is a motion to compel production of the vehicle for inspection. Plaintiff opposes by saying that there is an agreed upon production date of September 24, 2026. In reply, defendant states that the date does work, but defendant wants an order. Because it appears that the motion was required before plaintiff was willing to commit, the motion will be GRANTED and the vehicle will be produced for inspection on September 24, 2026.
