GUARDIANSHIP OF LILLIAN & LANA GARCIA

Case Number: 24PG-0032760

This matter is on calendar for further proceedings on a Petition for Appointment of Guardian of the Person of minors, Lillian and Lana Garcia. The Petition was filed by non-relative Alyssa Gibbs. There is no temporary guardianship in place.

There is no proof of service on the mother or father. The mother and father must be personally served at least fifteen days prior to the continued hearing date. Attachment 10 did not provide sufficient detail to dispense with notice to the mother as requested. If the father is incarcerated, Petitioner may be able to effect personal service by contacting the Shasta County Jail. Both minors will need to be personally served or consent and waive notice (Judicial Council Form GC-21, Item 4). The maternal grandfather and siblings were timely served for a previous hearing. The Court was not provided sufficient information in Attachment 10 to dispense with notice to the maternal grandmother as requested. There is no proof of service for the paternal grandmother. The Court will dispense with notice to the paternal grandfather based on the information provided in Attachment 10. In summary, the mother, father, and minors need to be personally served. The maternal grandmother and paternal grandmother need to be served and may be served by mail. Objections have been filed by the father and maternal grandfather.

The Court has reviewed the Children's Services' report dated February 25, 2025, which recommends the Court deny the Petition. The report provides that the minors are back with the father and things are going well. The Court will inquire whether the child is or may be an Indian child. If Petitioner has reason to know that the child is an Indian child, they must make further inquiry to learn about the child's Indian heritage. **An appearance is necessary on today's calendar by the Petitioner to inform the Court whether she intends on proceeding with the Petition. A failure to appear will result in the denial of the Petition and the closure of the file.**
