				2. <i>The matter is recommended for denial as to the community property allegation. The Petition could be approved as a separate property asset with portions of the asset passing to the issue of a deceased sibling. The Court lacks information to determine the distribution under Probate Code section 6401 subsection (c)(2). It is unclear if the Petitioner still wants an evidentiary hearing. Notice of Hearing to the issue of the deceased siblings of further proceedings is needed before an evidentiary hearing can be set.</i> 3. <i>A proposed order is needed.</i>
17	26PR-0120	In Re: Jung Family Trust	Petition Filed: 4/3/2026 – Instructing Trustee to Take Action	CONTINUED LIST: <i>The matter is continued to January 26, 2027 at 9:00 a.m. in D4. All additional materials are due by January 5, 2027. The following is noted:</i> 1. <i>Upon review of the fee statements provided, there appears to be services related to settlement agreement enforcement, regular trust administration, and possibly some estate of Wilson Jung services. A declaration is needed to explain the entries by categories, to better understand the fees requested. For example, why were there so many “reconciliation” entries or what appear to be forensic accounting services? Was that related to the settlement enforcement, or was it the trustee trying to complete regular administration duties (that might have changed due to settlement)? Any categorization that might be possible will be helpful.</i>

				2. <i>The Court only has the provision regarding the payment of costs and fees arising from the litigation, as provided in the April 19, 2016 Settlement Agreement. That provision indicates each party agreed to bear all costs and attorneys' fees arising from litigation, the agreement, and "all the matters referred to herein, the dismissal of all pending actions and matters related to this agreement". It is also understood the Petitioner believes another oral agreement was made at the same time, as to the balance of B. Janini's lapsed share, but that the parties did not memorialize the same. It is further understood from the pleadings that the issue could not be agreed upon at the time the Settlement Agreement was approved by the Court in August 2019. Points and Authorities will be needed to support payment of the settlement related fees that might fall under that provision with the lapsed share formerly belonging to the settling beneficiary. The two code sections cited are general provisions and do not support overriding a written settlement agreement on fees and costs.</i> 3. <i>Fees between the attorney and paralegal to speak with each other or listen in on Court proceedings when the attorney is also charging, should be removed from the fee request.</i> 4. <i>A proposed Order is needed.</i>
