It appears all parties before the court now agree that guardianship of the person should be immediately granted without the need for trial.

Court relief is not required for petitioner to withdraw her request for guardianship of the estate.

Additional requests should be denied. Petitioner presents no authority by which this court may empower a guardian to change a Social Security representative payee designation. Such designation is made by and wholly within the powers of the Social

Security Administration. The request to compel minor's mother to account for use of certain funds should also be denied. Mother is not a fiduciary appointed by the court and petitioner offers no legal basis on which mother could be required to account to the court for her use of Social Security benefits paid for minor. The request to compel mother to transfer a bank account to proposed guardian is equally infirm. Petitioner has dropped any request for guardianship of the estate. Petitioner offers no authority that would permit the court to make orders with respect to property of the minor and, much less, to order its surrender to a guardian of the person only.

These calendar notes are not a tentative ruling by the court on the merits of the petition. They are provided to assist the parties and the court to prepare for the hearing. Local Rule 80.1.4.
