Estate of Martin Aaron Hansten

26PR00720

Letters of Administration

Tentative Ruling: APPEARANCES REQUIRED for the sole purpose of determining whether any interested party objects as a result of the notice served or publication. The order granted by another judicial officer on July 2, 2026, did not allow an opportunity for any such objection. This Court expresses no opinion on whether the July 2, 2026 order is void as a result. For future reference, the correct procedural mechanism to address the situation that resulted in the earlier request for order is an application for letters of special administration.

If an objection is received, the Court will vacate the July 2, 2026 order. If no objection is received, the Court will then order Petitioner to file an Inventory and Appraisal within four months of issuance of letters (Prob. Code section 8800(b)) and either a petition for an order for final distribution of the estate or a report of status of administration within the timeframe set out in Probate Code section 12200.

The matter will then be SET on the September 23, 2027, probate case management conference calendar at 3:00 p.m. in Department 63 for status of estate or final account and distribution. No appearances at the hearing will be required if the court determines that administration of the estate is timely proceeding, or good cause is shown why more time is required.

Any subsequent orders issued by this Court are in no way an endorsement of the original order resulting in letters having been issued before compliance with the law.
