24PR00887

Amended Petition for Instructions Determining Construction of Trust, Validity of Trust Provisions, Approving Modification, Ascertaining Beneficiaries, and Confirming Trustee and Trust Property

Tentative Ruling: This matter has twice been continued since the Court granted the motion to disqualify petitioner's counsel in February 2026. After the petitioner's counsel was disqualified, new counsel for the petitioner substituted into the action on her behalf in May of 2026. Just four days after the substitution of counsel was filed, a hearing occurred on May 15, 2026. At that hearing, the Court continued the matter to allow new counsel to become acquainted with the case and to allow the parties to meet and confer and file statements of issues. Despite the effort of the respondent to meet and confer, no meet and confer has occurred, and the petitioner has not filed a statement of issues or provided any update regarding prosecution of this matter. The case is DISMISSED without prejudice pursuant to local rule 6.2(C)(2)(c).
