Case Number: 25LBCV02477 Hearing Date: September 1, 2026 Dept: S27

1. Background

Facts

Plaintiffs, Solia Imex LLC and Can

Yilmaz filed this action against Defendant, American Honda Motor Co., Inc. for violations of Song-Beverly.

2. Motion

to Compel Vehicle Inspection

On 5/11/26, Defendant served

Plaintiff with a demand for inspection of vehicle, setting the date of inspection for 6/18/26. On 6/10/26,

Plaintiff objected on the ground that the date of inspection was not an available date. While certain conditions were detailed, no other objections were served.

Despite multiple meet and confer efforts and an attempt to reschedule the inspection, the inspection has not occurred. Defendant moves for an order compelling Plaintiff to produce the vehicle for inspection.

The motion is granted. CCP §2031.320(a) permits the Court to order an inspection where a party agrees to an inspection, but then fails to actually produce the subject document or tangible thing for inspection. That is the case here. Plaintiffs have agreed, in principle, to an inspection, but have refused to choose a date for inspection and refused to produce the vehicle for inspection.

Defendant seeks an order compelling the inspection within fifteen days. The

motion is granted. Plaintiffs must immediately contact Defendant to schedule an inspection, which must go forward within fifteen days.

No sanctions are sought or imposed. Defendant is ordered to give notice.
