PETITION FOR APPOINTMENT OF GUARDIAN OF MINOR

TENTATIVE RULING: The Petition is DENIED WITHOUT PREJUDICE. According to the Report by the Court Investigator, Petitioner no longer believes that the requested guardianship is necessary. Petitioner has not formally dismissed the Petition. However, the Court is unable to proceed to hearing on it as several procedural defects exist, including that (1) the filing is missing a Parental Notification of Indian Status (ICWA-020 Form) and Proof of Service of the Petition on Father, and (2) it appears the Court Investigator did not have the opportunity to complete an investigation given Petitioner's representation that she no longer believed it necessary.
