

**SUPERIOR COURT OF CALIFORNIA
COUNTY OF VENTURA**

Probate Notes

**2025PRTR055119: THE PETERSON FAMILY TRUST DATED FEBRUARY 7 1990
09/17/2026 in Department J6
Motion**

Respondent Billee Roy Peterson Jr.'s evidentiary objections to the Declarations of Dian Peterson, Sarah Hall, and Lynette Buskirk are sustained, except for the objections to the Declaration of Lynette Buskirk, ¶ 9 and ¶ 14 which are overruled.

Respondent Billee Roy Peterson's Special Motion to Strike Portions of Complaint (Anti-SLAPP Motion) is denied. The Court finds that Respondent has not established the Third, Fourth, Fifth, Eighth, Ninth, Eleventh, and Twelfth Causes of Action in the Petition arise from protected activity. Respondent's Complaint to the Medical Board of California in December 2023 is protected petitioning activity, however, it cannot be shown that the protected activity gives rise to the causes of action. The filing of the complaint to the Medical Board of California by Respondent, the protected activity, is merely incidental to the unprotected activity causes of action in the Complaint.
