Case Name: Khawja v. Peloton Interactive, Inc., et al.

Case No.: 24STCV34644

Matter: Motion to Compel Further Responses (2x)

Moving Party: Defendant Peloton Interactive, Inc.

Responding Party: Plaintiff Natasha Khawja

Notice: OK

Ruling: The Motion is granted in part.

Moving party to give notice.

The Court encourages all parties to appear remotely via LA CourtConnect. If submitting on the Court's tentative ruling, please follow the instructions provided above.

This is an employment matter.

Defendant Peloton Interactive, Inc. seeks to compel further responses to its special interrogatories ("SIs") and requests for production ("RFPs") from Plaintiff Natasha Khawja.

As an initial matter, the Motion improperly consolidates two different discovery devices in one motion; two motions should have been filed. Nevertheless, the Court will hear the instant Motion.

The subject discovery relates to Plaintiff's economic and emotional distress damages, social media history, and bank statements.

The Motion is denied as to RFP no. 30, which is overbroad even considering Defendant's subsequent efforts to narrow this request by indicating social media search terms. This RFP violates Plaintiff's privacy rights as currently constructed.

The Motion is otherwise granted, except that the temporal limit for all compelled interrogatory responses and document productions will be January 1, 2022, through the present.

Further responses/production as indicated herein shall be provided within 30 days.

No sanctions.

Moving party to give notice.
