Final Report and Petition for (1) Approval of Account and (2) For Final Distribution
PREGRANT ORDER

The court on its own motion continues this hearing to November 12, 2026, at 9:30 a.m. in Department 22. Pending the continued hearing, the petitioner shall resolve the following issues:

1. The court file indicates that the real property was sold, but the petition for final distribution the petitioners propose to distribute the real property to the heirs. The petitioners shall explain and provide supporting documents for the court's review.
 2. Petition, ¶7: The petition states that one creditor claim was paid. However, the petitioner has not filed the Mandatory Judicial Council Allowance or Rejection of Creditor's Claim (form DE-174) and provide notice as required by Probate Code section 9250.
 3. Petition, ¶10: The petition states the inventory and appraisal value for the real property was \$0.00, but the inventory and appraisal on file shows the real property value as \$360,000. The petitioners shall explain.
 4. Petition, ¶11: The summary of account appears to be incorrect and is different than the property marshaled in the inventory and appraisal. The total charges and total credits do not match. The petition also does not provide the disposition of the vehicle of the estate and other personal property listed on the inventory and appraisal.
 5. Petition, ¶20: The values provided do not make mathematical sense and do not match the information on the inventory and appraisal. The petitioners shall clarify.
 6. It is unclear why receipts have been filed by only two of the three heirs and why a distribution has been made without a court order. The petitioners shall explain.
