

**SUPERIOR COURT OF CALIFORNIA
COUNTY OF VENTURA**

Tentative Ruling

**2025CLPA053963: GARY SILVERMAN vs JENNIFER PAMELA WAHL
09/15/2026 in Department 42
Motion to be Relieved as Counsel FOR PLAINTIFF**

Motion: Motion to be relieved as Counsel of Record

Tentative Ruling:

The Motion is denied. The name of the attorney seeking withdrawal is incorrect on the notice of motion. Moreover, the fact that a client has not returned a substitution of attorney form by itself is not good cause entitling a court order to relieve counsel as attorney of record. No information has been provided as to why the form has not been returned, how long counsel has been attempting to obtain the form and whether the client is responsive.

Counsel Zelner to give notice.
