| <b>Tentative Ruling:</b><br><br>APPEARANCE ORDERED (Zoom allowed)<br><br>The trustee is ordered to appear to provide the status of the reserve for funeral expenses and provide how they intend to distribute any remaining funds. The motion to modify the court's previous order is DENIED for failure to provide legal basis for relief, as untimely, and for failure to provide proof of service of notice to all trust beneficiaries. The court finds that the motion is wholly without merit and as such authorizes the Trustee to deduct from Movant's share of any remaining distributions the reasonable attorney's fees and costs incurred in responding to the Motion. Counsel for trustee is to submit a declaration and billing statements for the court's review and approval. That hearing is set for December 2, 2026 at 9:00 a.m. |                                                                                                                                                                                                                                                                                                                                                                         |                               |

| <b>Tentative Ruling:</b><br><br>APPEARANCE OPTIONAL<br><br>Matter CONTINUED to November 30, 2026 at 9:00 a.m. for notice to the ward under Probate Code § 1460(b)(2). The Court does not agree that paralegal Hutchinson's fee for work done from 6/23/2026 through 8/27/2026 justifies fees in the amount of \$30,429.00. It is difficult to approve this amount when taking into consideration the nature and difficulty of the tasks performed, results achieved, and benefit to the guardianship estate, as her hourly fee of \$300 greatly exceeds what a qualified accountant in the greater San Francisco Bay Area would have charged. While the Court agrees with counsel that greater expense would have been incurred had such services and tasks been performed by the attorneys, the guardian would have been more prudent with the estate's |                                                                                                                                                                                                       |                                                          |
