

				3. <i>A Capacity Declaration filed on April 20th does not fully support the Petition. Section 23 is incomplete and a major neurocognitive disorder is not noted. These powers are not recommended.</i> 4. <i>After review of the mandatory reports and the Capacity Declaration, it is recommended that at the next hearing the Court deem this Petition a Limited Conservatorship Petition under Probate Code section 1828.5, with only the power to fix the proposed conservatee's residence, the power to access confidential medical records and the power to give or withhold basic medical consent. A general conservatorship, major neurocognitive disorder powers and all other requests are recommended for denial. This appears to be the least restrictive alternative for this particular proposed conservatee, under Probate Code sections 1800.3 and 1801. At the last hearing, the parties indicated that they would meet and confer regarding a possible stipulation. An update has not been provided.</i> 5. <i>A revised Order and letters may be needed.</i>
