Appearance is required for continued hearing on 4th amended petition to administer estate.

Missing publication of notice of hearing for 4th amended petition. Each amended petition requires new publication. C.R.C. 7.53.

Missing required allegations at ¶ 5a(3)-(4) (RDP). Clarification is needed: petitioner alleges decedent died without issue, issue of parents, or issue of grandparents (¶ 6f), but also that decedent died leaving surviving children (¶¶ 5a(5) & 8). Children are issue of decedent, decedent's parents, and decedent's grandparents.

Missing sufficient bond request. Petitioner alleges the value of estate assets—or assets claimed to belong to the estate but which may not be available to a personal representative absent a court order—is \$450,000. It is recommended petitioner be required to post bond of \$450,000 as a condition of issuing letters of administration.

Note: the court previously ordered objections to be filed by March 13. No objections have been located in the court file.

8. S-PR-0013201 In Re the Estate of Redding, Wayne M.

Request to distribute estate to Linda Redding is contrary to intestacy. No will of decedent has been admitted to probate and no petition to admit any will to probate has been filed or noticed for hearing. This matter remains an intestate administration. Even if the court could construe this petition as one to admit the will to probate, petitioner offers no admissible proof of the validity of the holographic instrument. Petitioner does not show why such petition would not be time-barred under Prob.C. § 8226.
