

		As for service on Debtor, Creditors filed a document entitled "Proof of Service by Mailing of Order to Show Cause." The documents attached, however, are receipts for mailing; they are not proofs of service. Those receipts do not comply with the requirements of the Code of Civil Procedure for proofs of service and they do not identify what documents were served (as noted above, three documents had to be served). Moreover, they do not show the capacity in which the persons identified were served. The Debtor is a trust, and therefore must be served by service on the trustee in that capacity. The court further notes, on July 9, 2026, Creditors filed a supplement to their application for an order to show cause to provide the court with a copy of a relevant quitclaim deed and the "Notice to Judgment Creditor Request for Application for Order for Sale of Dwelling (CCP 704.750)." There, however, is no proof of service showing this supplement was served on anyone. This document supplements the application for an order to show cause and therefore must be served just like the application. Based on the foregoing service deficiencies, the hearing on the order to show cause is CONTINUED as stated above for Creditors to make proper service as required by Code of Civil Procedure section 704.770 and to give notice of this ruling. All proofs of service must be filed at least 10 days before the continued hearing date. The court finds good cause to conduct the hearing on the order to show cause beyond the 45-day period established by Code of Civil Procedure section 704.770. Creditors' counsel is ordered to give notice of this ruling
