(66 hours x \$50/hour), which is a reduction of \$750. The Court reduces the Conservator's rate to \$50/hour due to the Conservator's failure to provide how much time was actually spent on each task. The Court grants mileage in the amount of \$608, which is a 50% reduction in the amount requested of \$1,216.60 because the Court finds that it is not reasonable for Conservator to request mileage to be paid to Conservator for travelling from Conservatee's placement to the Conservator's residence. Petitioner to submit a formal order which complies with this ruling.
