TENTATIVE RULING

The parties are ordered to appear in person or via Zoom video at 9AM on 6/25/2026 in Department 404. If a party chooses to appear by Zoom, that party must abide by the Notice and Instructions for Remote Appearance in San Francisco Family Court set forth above.

A. Procedural History

- 1) Petitioner Denise Brown (Mother) and Respondent Parrish Watkins (Father) have one minor daughter, Amia (DOB 8/23/18, age 14). On 9/15/2021, the Court issued a three-year Domestic Violence Restraining Order (DVRO) for Mother's protection against Father, granted Mother sole legal and sole physical custody of Amia, and awarded Father a temporary visitation schedule.
- 2) In a Findings and Order After Hearing (FOAH) filed 9/25/2024, the Court denied Mother's request to renew the DVRO, denied Father's request for a DVRO against Mother, ordered joint legal and joint physical custody to the parties, and issued a parenting time schedule. The Court ordered the parties not to interact with each other by phone, text, message, or any other way unless there is an emergency that involves Amia. The Court admonished the parties that any

violation of this order could result in the Court considering a new request for a DVRO and a modification of the custody and visitation orders.

- 3) In a FOAH filed 12/3/2024, the Court ordered as follows: (a) On the first and third weekends of the month, Father shall have Amia from Wednesday after school until Monday morning drop-off at school. If school is not in session, the parties shall exchange Amia on Wednesday at 2 p.m. and on Mondays at 2 p.m. at the Bayview Police Station; (b) Father agrees and the Court orders that Father shall stay away at least 100 yards and have no contact with Mother's other two children, E'laya Brown and E'niya High; (c) Both parents are to ensure that Amia has appropriate adult supervision while in their respective care and custody; (d) Mother shall share with Father a photograph of the Eczema medication she uses for Amia. Both parents shall ensure that Amia receives that treatment while in their respective care and custody. The Court also reiterated the no-contact order set forth in the 9/25/2024 FOAH.
- 4) On 3/18/2026, Mother filed a Request for Order requesting sole legal and physical custody of Amia. (She requests no change in the current parenting time schedule.) Mother states that she has historically been responsible for all of Amia's medical care since birth, and Father had not been involved until recently. She states that Father has begun unilaterally making medical decisions for Amia without informing Mother or attempting to coparent, including taking Amia to acute care facilities and emergency rooms without notifying her. Mother also states that Father has been administering allergy medication to Amia without Mother's knowledge. Due to the lack of communication, Amia's physician reached out directly to Mother to clarify how Amia's medical decisions should be handled. Mother states Father was combative and refuses to work with her on resolving the issue.
- 5) Father has not filed a responsive declaration.

B. Findings and Orders

- 1) This Court has jurisdiction to make child custody orders in this case under the Uniform Child Custody Jurisdiction and Enforcement Act. A violation of this order may subject the party in violation to civil or criminal penalties, or both. The country of habitual residence of the minor child is the United States.
