ANALYSIS

When actions involving a common question of law or fact are pending before the Court, the Court may order a joint hearing or trial of any or all the matters in issue in the actions; it may order all the actions consolidated and it may make such orders concerning proceedings therein as may tend to avoid unnecessary costs or delay.

See CCP 1048(a). Consolidation of actions promotes judicial economy and prevents contradictory or inconsistent rulings arising from the same underlying events. Id.

Here, both actions arise from the same motor vehicle accident and involve common defendants.

As such, the actions involve common issues, evidence and witnesses. Consolidation will promote justice and judicial economy; avoid duplicative costs and proceedings; and avoid potential inconsistent rulings.

CONCLUSION

The motion is granted.
