

After a substantial review of the entire record and the papers offered in support and opposition of Plaintiff's motion, the court finds the time billed is excessive and finds it reasonable to reduce the hours billed by 14.5 hours.

The Court sets the lodestar at \$55,582.50. This represents the originally billed amount of \$60,295 minus \$4,712.50 for the 14.5 hour reduction.

Once a lodestar is fixed, the lodestar may be adjusted based on certain factors, including: (1) the novelty and difficulty of the questions involved; (2) the skill displayed in presenting them; (3) the extent to which the nature of the litigation precluded other employment by the attorneys; and (4) the contingent nature of the fee award. (*Serrano v. Priest* (Serrano III) (1977) 20 Cal.3d 25, 49.) Plaintiff seeks enhancement of the lodestar by a multiplier of 2.0. However, this matter was fairly straightforward and did not raise any complex or novel issues. As such, the Court does not find that a lodestar enhancement is appropriate.

Plaintiff also seeks costs in the amount of \$1,007.46. Generally, a memorandum of costs would be filed to claim costs as the prevailing party. Although Plaintiff deviates from the established procedure by including costs in the motion for attorney's fees, they are not objected to or otherwise opposed. Absent an opposition, the Court in its discretion grants the requested costs.

Plaintiff is awarded total attorney fees and costs in the amount of \$56,589.96, to be paid within thirty (30) days of this court's order. The Court will sign the order lodged on May 5, 2026, modified to reflect this ruling.
