Plaintiffs Matthew Egan and Tobias shall pay monetary sanctions in the amount of \$4,680 within 30 days of this ruling. Defendant has met and conferred with Plaintiffs' counsel via video conference, pursuant to the Court's 4/20/26 Minute Order. (ROA 296.) The Motion was timely filed within 45 days of service of the initial responses. Defendant has established good cause to compel further production of documents, as the original responses consist entirely of meritless objections. Plaintiffs have failed to substantiate any of the objections in the disputed responses. Plaintiffs make no attempt to justify the merit

		of any of the objections. Rather, Plaintiffs argue that Defendants have refused to grant sufficient extensions in time to respond to the discovery requests, but Defendant has granted Plaintiffs multiple extensions of time to respond to the requests, yet no substantive responses were served. Plaintiffs' counsel declares that Plaintiffs were forced to serve responses consisting of objections only because Defendant would not grant any extension in time to respond beyond January 5, 2026. But Plaintiffs' counsel also states that a 2 week extension was requested, yet there was no service of supplemental substantive responses after the 14 days Plaintiffs' counsel claimed was needed to prepare complete responses. Plaintiffs' counsel now claims that even more extensions are required for substantive responses to be provided to Defendant. In light of this pattern of dilatory tactics that have enabled Plaintiffs to avoid any substantive participation in discovery, the Court does not find it necessary to continue these hearings any further. Moving Defendant shall provide notice.
